

## In-House Catering by

We are honored to serve over 100 wedding couples annually, as well as tens of thousands of fans, guests, and VIPs throughout the Triangle and Triad. We have solid relationships with local farmers and suppliers (some for 30 years!) and have the relationships built to help all of our guests realize their goals for their events.

### Weddings

Southern Harvest offers multiple service styles, flexible menu options, and personalized planning so your reception flows exactly how you want it to.

We offer several meal options, including an elegant plated dinner, a relaxed family-style meal, or interactive food stations.

### Corporate & Private Events

Our Corporate Events catering team understands that business affairs have to be timely, well designed, brought in at budget and handled professionally with Southern hospitality. We have crafted menus that allow for anything from a cocktail and heavy hors d'oeuvres style format, to buffet and plated affairs that provide full dinner courses.

## Bar Services

### Three Options

*Pre-Purchase:* You select the brands and quantities working with one of our specialists. We will serve your wine and beer, and any remaining inventory is yours to take home.

*Consumption Bar:* We provide the drinks and you are charged according to what your guests consume.

*Open Bar:* We provide the drinks and you pay a flat fee per guest, per hour of bar service.

*We can do speciality cocktails, mocktails and more!*

Additional Information & Pricing  
Available Upon Request
